Food Security COVID-19 Learning Event
Navigating new possibilities in a rapidly changing world
June 21 – 24, 2021 | Online

VIRTUAL EXHIBIT BOOTHS

The Virtual Exhibit Booths are virtual spaces on Whova, the event platform, where learning mechanisms or knowledge platforms will showcase their work, highlight resources, and connect with attendees.

The booths will be available on Whova for attendees to visit throughout the duration of the event, and will host live sessions on **Wednesday, June 23** and **Thursday, June 24**.

AgriFin
AgriFin leverages the prevalence of digital technology to develop digital products and services that smallholder farmers need to increase their productivity, incomes and resilience.

CaLP
The Cash Learning Partnership (CaLP) is a dynamic global network engaged in the critical areas of policy, practice and research in humanitarian cash and voucher assistance (CVA) and financial assistance more broadly.

IDEAL
IDEAL addresses knowledge and capacity gaps expressed by the food and nutrition security implementing community, supporting them in the design and implementation of effective emergency and non-emergency food security activities.

IMPEL
The Implementer-Led Evaluation and Learning (IMPEL) Associate Award gathers information and knowledge in order to measure the performance of RFSAs, strengthen accountability, and improve guidance and policy.

PCS
The Program Cycle Support (PCS) Associate Award supports implementing partners to design and implement evidence-based, effective, and efficient activities that result in substantial and sustainable food and nutrition security gains.

PRO-WASH
PRO-WASH provides support to strengthen the quality of WASH interventions through capacity strengthening, knowledge-sharing, and applied WASH research opportunities

READY Initiative
The READY initiative exists to augment global capacity to respond to major outbreaks of infectious disease with epidemic or pandemic potential, including the COVID-19 pandemic.

REAL
REAL responds to the growing demand for rigorous yet practical monitoring, evaluation, strategic analysis, and capacity-building support related to resilience.

SCALE
SCALE enhances the impact, sustainability, and scalability of BHA-funded agriculture, natural resource management, and alternative livelihoods activities in emergency and non-emergency contexts.

USAID Advancing Nutrition
USAID Advancing Nutrition strengthens the enabling environment for effective, integrated and sustainable multi-sectoral nutrition programs, interventions, and food and health systems.
