Reflect Back

What was the <u>benefit</u> of giving and receiving this information about yourselves?

Some Words of Wisdom

Giving information about yourself can:

- build trust

- strengthen communication

- deepen understanding about how approaching work in different ways can be productive

Drucker, P. 1992. Managing the Non-Profit Organization: Principles and Practices. New York: HarperCollins Publications

Small Group Discussion

1. In your experience, what practices, systems and behaviors foster **trust and respect** among partners?

2. In your experience, how do partners ensure that **business is done transparently**? What tools and good practices are used?

3. In your experience, how are partners involved in **decision-making in a meaningful way**? What tools and good practices are used?

4. In your experience, what practices and behaviors foster **good communication** among partners?
