

Small Group Discussion Guide (20 min)

- *Part I: At your table, think of the ways that an emergency, such as floods, cyclones, or droughts can affect the following:*

Table 1: Title II program implementation, such as MCHN or ANRM program activities, and staffing

Table 2: Communication among partners and working with local governments

Table 3: Ensuring appropriate local emergency responses, particularly in large scale disasters

Table 4: The beneficiaries of your program, particularly poor and extreme poor

Small Group Work

- *Part II:*
 - *For one of the items listed on the previous slide, work with your small group to discuss challenges encountered during emergencies and ways to overcome these challenges.*
 - *Now think about the future. What kinds of processes or policies do you need to put in place in your programs to help mitigate the impact of emergencies?*
