RSVP for Commodity Tracking System Demonstrations and Consultation

March 17 - 18, 2014

USAID Washington Learning Center

2231 Crystal Drive, Arlington, VA 22202

The TOPS Commodity Management Team invites you to a meeting examining cutting-edge Commodity Tracking Systems (CTS) on March 17 - 18.

During the workshop, several PVOs implementing Title II programs on behalf of USAID's Office of Food for Peace will present their respective electronic commodity tracking systems. Participants will be able to familiarize themselves with the features and functionalities of the different systems. The presentations will be followed by a structured discussion on the pros and cons of standardizing such systems.

An agenda and directions to the Learning Center will follow. Anyone active in food security and commodity management is encouraged to attend this meeting. Seating capacity is limited, so to ensure that all organizations have the opportunity to participate, we may have to limit the number of participants from each organization.

If you are interested in attending, please RSVP to Julia Crowley at jcrowley@savechildren.org by February 27, 2014.

If you are not already on our e-mail list, sign-up [here](#). We welcome news of events, tools, trainings, country updates and other content from the broad FSN Network community. Please send any suggested content to news@fsnnetwork.org.

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices. For more information about TOPS please click [here](#).
